To Whom It May Concern

I am the principal of Virendra Mithleshwar Mahavidyalaya, and I came to know that Mr. Ramdhari Pandey is trying for a Ph.D. position. I am very glad to give a recommendation on his behalf. He had been a part of our institution and had always been highly motivated in terms of research opportunities for the young generation and students of our institution. He had been with us as a guest faculty member for chemistry in the years July 2013 - June 2014 (after which he went for his Master's Degree). Soon we had the opportunity when he joined us back as a lecturer in the years July 2017- October 2019. It was a great pleasure working with such an enthusiastic person.

I would be really glad to provide any further information required for this purpose.
